

Please do not allow our airwaves to be aken over by gratuitous and illegal electioneering.

The action of Sinclair Broadcasting in forcing its stations to air a slanderous attack on a candidate to influence an election is a gross and arrogant abuse of its obligation to serve the public interest.

This is a flagrant example of the dangers of media consolidation and of the urgent need to revise the licensing process to assure that rights are not issued or renewed unless and until ample proof has been given of unbiased service to the public.

PLEASE assure us that the FCC will continue to stand up for the interests of the public against this increasing incursion by corporate special interests.
